EB – 5 Investment Visa Program for Admission to US Universities in US
Monday, 23rd September, 2019, Time- 6.00 pm – 8.00 pm
Babubhai Chinai Committee Room, 2nd Floor, IMC Churchgate**

Dear Sir/ Madam,

LCR Capital Partners, founded by alumni of Harvard Business School, is a globally recognized private equity firm which offers the EB-5 Investment Visa Program to families around the world who would like to invest to earn Residency and Green Cards in US.

H 1 B Visa of the US is one of the most sought after Visa Program. However to enlarge the scope of migration to US, an EB-5 Visa program is being organized with the objective of creating greater awareness of the opportunities and challenges that are linked to educational and career opportunities in the US.

The firm as the General Partner of its exclusive EB-5 funds, helps investors earn the required U.S. government approvals to earn U.S. residency and green cards. Executives, senior PE/VC investors, and highly-skilled professionals, family business owners, aspiring entrepreneurs and international students, are assisted for the residency and green cards.

It helps students' to U.S. colleges and graduate schools, reduce their college tuition costs through merit-based scholarship opportunities. It also helps them to work alongside their studies. LCR Capital Partners will also explore an alternate residency backup plan in situations of political instability, social unrest or economic crisis. LCR will also work towards protection, preservation and timely return of capital between 5 to 7 years of investment.

We would request our esteemed members of the Chamber to make it convenient to attend the program as per details and **explore admission process for US Universities for young students.**
