This programme is being conceived and curated as a first step towards empowering, enabling and guiding SMEs through sensitizing and creating awareness as part of the Trade Facilitation.

The programme will give participants an all-inclusive knowledge and insight on Export Procedures and Documentation, Export-Finance, Banking & Exchange Control Regulations, Import Management, Foreign Trade Policy, Shipping, & Insurance thereby encompassing overall fundamentals of International business.

Bearing in mind the thriving opportunities and booming demand for Export and Import in every possible sector and the role of IMC in facilitating International trade, it is an imperative necessity to promote and motivate Indian companies, especially Micro and Small businesses to explore their market potential through exports.
