Dear Sir/Madam,

From Seeds to table – AI intervention in Agritech
Thursday, December 4, 2025 from 3.30 pm onwards
Venue: Babubhai Chinai Committee Room (2nd Floor), IMC

The **IMC Chamber of Commerce and Industry's Agriculture & Food Processing Committee** is pleased to invite you to participate in an agro focused event highlighting **innovative AI technologies and applications in the agri sector** as per the details below:

Date: Thursday, December 4, 2025

Time: 3:30 pm to 6:00 pm

Venue: Babubhai Chinai Committee Room (2nd Floor), IMC, Churchgate, Mumbai 400020

Artificial Intelligence is reshaping agriculture across the entire value chain—from seed development to the consumer's table. At the input stage, AI helps identify high-performing seeds, assess soil health, and recommend optimal crop choices based on climate and field conditions. During cultivation, AI-powered tools such as satellite analytics, sensor networks, and computer vision support precision farming, enabling accurate irrigation, nutrient management, and early detection of pests and diseases. In the post-harvest phase, AI improves grading, sorting, storage, and logistics, reducing losses and ensuring quality. Market forecasting and intelligent supply-chain optimization further help farmers and agribusinesses make timely decisions. At the consumer end, AI enables full traceability, assuring transparency and food safety.

By integrating AI “from seeds to table” agri-tech delivers higher productivity, sustainability, and trust within the food ecosystem, ultimately benefiting farmers, businesses, and consumers alike.

This event will showcase cutting-edge advancements in areas such as **AI/ML, IoT, farm robotics, multi-purpose drone applications, soil testing and mapping, precision agriculture, crop monitoring**, etc

Event Objective:

To explore the potential of Artificial Intelligence (AI) in transforming the agricultural sector, from seed development to consumer's table.

Why Attend?

- Learn latest AI trends in agriculture
- Network with industry experts
- Discover new opportunities
- Enhance knowledge on AI applications
- Be part of sustainable agriculture conversation

Who should attend?

- ✓ Agriculture professionals
- ✓ Agri-tech startups
- ✓ Industry experts
- ✓ Researchers
- ✓ Policy makers

Please find attached details of the participant companies for your ready reference.

To attend register on: <https://www.imcnet.org/events-2651>.

Registration details:

- IMC Members: Free (Registration is mandatory with Membership Number)
- Non-Members: ₹500 (inclusive of 18% GST)

For more information registrations and other details please contact Ms. Jayshree Poojary, at jayashree@imcnet.org or call on 71226653.

Dress Code: Business Formal

We look forward to your valued participation.

With kind regards,

Ajit Mangrulkar
Director General
