MQH BEST PRACTICES COMPETITION

No organization can survive without resident Best Practices.

On the journey to Performance Excellence, ambitious organizations adopt and adapt many more Best Practices. All this leading to breakthrough improvements or disruptive innovations.

It is a myth that one should adopt only competitors' Best Practices. Since Performance Excellence models are generic, the managerial practices embedded in them are also generic. There is therefore a strong case for cross-industry Benchmarking for Best Practices.

The IMC Ramkrishna Bajaj National Quality Award Trust will be hosting an open MQH Best Practices Competition on 15-16 March, 2017. We invite you to participate. Showcase your resident Best Practices. Initiate cross-industry benchmarking. Also, win accolades!

HURRY! Register at least two resident Best Practices of your organization.
