 WORLD INVESTOR WEEK 2020

Dear Sir/ Madam,

India is a large producer of several commodities and has a long history of commodity trading. Commodity markets are driven by a host of factors, global and domestic. By their very nature, commodity markets are volatile. Therefore, it is necessary to manage the price risks through hedging which is an insurance against adverse price movement.

In this background, IMC Chamber of Commerce and Industry in association with MCX- IPF is organizing an Online seminar called “*Commodities: Importance as an Asset Class*” on Friday, November 27, 2020 from 4.00 pm to 5.30 pm.

The virtual meeting will be on Zoom. There is NO Participation Fee; but registration is necessary. On receiving a registration request, VC details will be provided. For registrations and other details please contact Ms. Anita Naik at anita.naik@imcnet.org Or visit IMC website <https://www.imcnet.org/events-925>

We do hope you will be able to seize the opportunity and participate on November 27, 2020. It will be a knowledge enriching experience.
