Global Developments and Indian Markets

Dear Member,

Indian Merchants' Chamber (IMC) is happy to announce a Panel Discussion on **"Global Developments and Indian Markets"** under the aegis of its Capital Market Committee headed by Ms. Deena Mehta and cordially invites you to the programme, as per following details:

Day and Date : Tuesday, August 2, 2016

Time : 5:30 pm.

Venue : Walchand Hirachand Hall (4th floor), IMC, Churchgate Mumbai

International developments affect the cross border flow of investments. India as an emerging market has been recently receiving increased flow FDI and FII investment into its economy. These investments help increase the pace of economic wellbeing, increasing the employment levels, create ground for higher levels of growth of GDP and bring about general prosperity. The monsoon aided growth will further accelerate if the investment flows gathers momentum. However the recent international developments – like the Brexit, the slowdown of Chinese economy, the forthcoming elections in US, possibility of Fed rate hike etc. could affect the flows into India, which are so very vital for a country, which has embarked upon bold new initiatives and reforms in manufacturing and services sector and in ease of doing business.

To understand all such issues related to these international developments, IMC is organising a panel discussion on Tuesday, August 2, 2016, which will be **addressed by eminent experts, such as the Consul General of China, Mr. Navneet Munot of SBI Mutual Fund, Mr. Andrew Holland of Ambit Securities and Ms. Daksha Baxi – Senior Partner, International Taxation-Khaitan & Co.** The discussions will be **moderated by Mr. S K Mitra, Chairman, QSK Advisory Private Limited.**

We will appreciate if you could kindly block the event in your diary and attend. A line in confirmation of your attendance to Ms. Neeti Khergamkar at Neeti@imcnet.org or by phone at 22046633, extension 106 will be highly appreciated.

We look forward to your participation.

With regards,

Arvind Pradhan

Director General
